Washington State COVID-19 Health System Response Management

Vice Admiral (ret.) Raquel Bono, MD

April 27, 2020
Health System Response Management: Priorities

1. Protect our frontline healthcare workers
2. Optimize all of Washington’s health resources
3. Keep our Washingtonians safe
Health System Response Management: Team
COVID-19 Confirmed Cases by County

Data as of April 25, 2020 11:59PM PT

- Total Confirmed Cases: 13,521
- Total Deaths: 749
- Percent deaths (deaths / confirmed cases): 5.5%
- Total Tests: 175,477
- Percent Positive: 7.7%

123 of 13,521 confirmed cases do not have an assigned county

This Week’s Topics

• PPE
  • Taking a Closer Look
  • Opportunities
• WA HEALTH
• Recovery
  • Elective Surgeries
  • Economic Considerations
PPE: Taking a Closer Look

Current as of Apr. 27, 2020
Source: DES
PPE: Opportunities

• Provide transparency and accountability of entire PPE supply chain workflow
  • Last half-mile visibility (WA HEALTH)
  • Auditable processes

• Improve request and cancellation process
  • Use WA HEALTH inventory data to generate “real-time” PPE requests
  • Allow facilities to cancel orders here if they acquire supplies while awaiting state deliveries

• Develop agreed approach for tracking PPE “burn rate” to better enable forecasting capacity

• Identify further opportunities to rationalize/streamline multiple reporting requirements
WA HEALTH: Adoption

<table>
<thead>
<tr>
<th>Facilities in System:</th>
<th>75</th>
</tr>
</thead>
<tbody>
<tr>
<td>Total Users:</td>
<td>368</td>
</tr>
<tr>
<td>Users by role*</td>
<td></td>
</tr>
<tr>
<td>Admins:</td>
<td>171</td>
</tr>
<tr>
<td>Frontline workers:</td>
<td>197</td>
</tr>
<tr>
<td>Report Viewer:</td>
<td>348</td>
</tr>
</tbody>
</table>

66% off 113 facilities expected to participate
4% increase from 4/24

3% increase from 4/24

*The sum of these roles will be higher than "total users" because many users fill multiple roles
WA HEALTH: Adoption

• Adoption rate is steady – thanks to those on board
• We are sending a 3rd wave of communications to outlier hospitals
• *Sign up and participation over the next few days is critical*
WA HEALTH: Demo

WSHA PSA Campaign

The need: Members have expressed an increase in people delaying care until it becomes emergent, sometimes life-threatening.

The proposal: A statewide PSA campaign aimed at encouraging people to continue to manage chronic conditions and to seek care when they have concerning symptoms.
WSHA PSA Campaign

Washington is not alone in this pursuit
