1	Occupational Exposure to Infectious or Contagious Diseases	Department of Labor & Industries	In accordance with 2021's ESSB 5092, section 220(8), the department is initiating rule making for occupational health protections related to infectious diseases to ensure the state has general guidelines to follow in the case of an infectious disease outbreak. This would include when there is an outbreak subject to a public health emergency under a national or state declared state of emergency.	Pre-Proposal				MONITOR	David Streeter DavidS@wsha.org
1	Workers' Comp Financial Qualification Rules	Department of Labor & Industries	The purpose of this rule making is to update the rules for the financial qualification and maintenance of self-insurance certification, so that these rules are consistent with modern business practices. Existing rules will be amended, and new sections may be added. Existing rules are dated and out of alignment with industry best practices. The key objectives of the rule-making effort are to: <ul style="list-style-type: none"> •Ensure self-insured employers can accurately and timely provide workers' compensation benefits to their workers; •Protect and safeguard the insolvency trust fund; •Promote transparency for the department of labor and industries (L&I) actions when a firm is placed on financial watch; •Make the rules relevant to current financial conditions and business models; and •Create efficient and adaptable standards for employers' overall financial management. 1	OUD Remote Dispensing Sites	Pharmacy Quality Assurance Commission	SSB 6086 mandates that the commission adopt rules to establish the minimum standards for opioid use disorder (OUD) medication remote dispensing sites. Consequently, there is no alternative to adopting rules. Current rules related to storing drugs outside of a pharmacy do not adequately cover the minimum standards and exclude certain facilities from having remote dispensing sites, which does not align with the intent of the law. Furthermore, these regulations must be in rule to [be] enforceable.	Pre-Proposal				MONITOR	David Streeter DavidS@wsha.org

1	Certificate of Need	Department of Health	Certificate of Need- The Department of Health is opening all rules related to Certificate of Need (CN) in chapter 246-310 WAC. The Department is considering amending, creating, and repealing some or all rules to clarify, streamline, develop progressive enforcement tools, and modernize language. This review will include examining general and specific facility type need methodologies. Updates to rules will take into account incorporating national optimal approaches, providing clear and consistent guidance, and reducing litigation. As part of the rulemaking process, the department will consider the rulemaking topics in recently withdrawn Preproposals (CR-101's) as well as recent petitions regarding updates to need methodologies. WSHA is in active discussions with the Department to more clearly understand the approach and breadth in this rulemaking.	Pre-Proposal				MONITOR	David Streefer DavidS@wsha.org

2	Hospital Construction Review	Department of Health	Hospital Construction Review - The Department of Health (DOH) is considering amending licensing regulations to align with the 2018 federal and national construction standards, namely the Facility Guidelines Institute (FGI)'s Guidelines for Design and Construction of Hospitals and Guidelines for Design and Construction of Outpatient Facilities. According to the Pre-Proposal, adopting current standards would allow facilities to take advantage of newer construction methods. This change would also provide the opportunity to be consistent with widely-recognized standards that are vital to the health and safety of hospital patients and staff. A report detailing draft proposals in response to the initial draft of revisions to the WAC was recently released. (WAC 246-320-500 thru 600). 2	Nursing Assistant Standards Update	Nursing Care Quality Assurance Commission	NCQAC identified that chapter 246-841 WAC, excluding WAC 246-841-520, 246-841-720, and 246-841-990; and chapter 246-842 WAC need to be updated to reflect best practices, eliminate redundancy, and make other necessary revisions. Legislated work by NCQAC with key interested parties in 2018-2020 confirms the identified need for updating the rules. The coronavirus disease 2019 (COVID-19) pandemic magnifies the need and urgency for changes to the rules which may eliminate barriers to career advancement for nursing assistants to help address the nursing assistant shortage in health care. Specifically NCQAC is considering: (1) Repealing chapter 246-842 WAC. Chapters 246-841 and 246-842 WAC are similar. Repealing chapter 246-842 WAC may eliminate unnecessary redundancy, which creates confusion about requirements. Any requirements that may need to be retained could be moved to chapter 246-841 WAC; (2) updating the rules overall to reflect the most current standards and practice, clarifying and updating curriculum and testing requirements for training programs, and eliminating barriers to career advancement for nursing assistants to help address the nursing assistant shortage in health care; and (3) standardizing the scope of practice for nursing assistance as allowed by law. The scope of practice for nursing assistants varies depending on the work setting. NCQAC believes standardizing the scope of practice across work settings could eliminate confusion. 2	Physician Assistants	Washington Medical Commission	The commission is considering updating the PA chapter to more closely align with current industry standards, modernize regulations to align with current national industry standards and best practices, and provide clearer rules language for licensed PAs. Included in this rule-making proposal is incorporating the requirements of SHB 2378 Concerning physician assistants. The commission is considering adding new sections in accordance with SHB 2378. This bill combines the PA licensing under the Washington medical commission effective July 1, 2021, and eliminates the profession of osteopathic physician assistant. The bill instructs the commission to consult with the board of osteopathic medicine and surgery when investigating allegations of unprofessional conduct by a licensee under the supervision of an osteopathic physician. The bill also reduces administrative and regulatory burdens on PA practice by moving practice agreements from an agency-level approval process to employment level process. Employers are required to keep agreements on file. The bill requires the commission to collect and file the agreements. 2	De-scheduling Epidiolex	Pharmacy Quality Assurance Commission	Epidiolex is an FDA-approved cannabidiol with less than 0.3% THC, used to help treat some seizure disorders. The 2018 Agricultural Improvement Act (2018 Farm Bill) amended the Controlled Substances Act and declassified hemp products with less than 0.3% THC from Schedule I and excluded hemp from the definition of marijuana. Epidiolex remained on Schedule V until April 6, 2020, when the United States Drug Enforcement Agency (DEA) announced that it would no longer be a federally controlled substance. Following this statement and decision from the 2018 Farm Bill, the commission received a petition from stakeholders to update their rules to reflect the change. In response to the federal change, stakeholder petition, and in support of the COVID-19 pandemic response, the commission implemented emergency rules to delete Epidiolex from the list of Schedule V controlled substances on July 10, 2020, under WSR 20-15-059. 3	Medicaid State Plan Amendment (SPA) 21-0015 Small Rural Disproportionate Share Hospital Payment Pool Amount	Health Care Authority	HCA intends to submit Medicaid SPA 21-0015 to reflect the current total amount of the small rural disproportionate share hospital (SRDSH) total "payment pool" through which SRDSH payments are made. The total payment pool amount currently described in the state plan reflects the previous total amount.	Notice				SUPPORT	Andrew Busz Andrewb@wsha.org
3	RCL Demonstration Project	Department of Social and Health Services	This rule making will ensure that RCL eligibility aligns with the federal Money Follows the Person (MFP) demonstration eligibility criteria. The Consolidated Appropriations Act of 2021, Section 204 outlines an extension of MFP rebalancing demonstration and changes the institutional residency period requirement, striking the ninety day institutionalized eligibility period and inserting a sixty day institutionalization period. In addition, MFP demonstration eligibility includes all settings identified as home and community-based settings. RCL is the name of Washington state's MFP demonstration. 3	L&I Outpatient Hospital Payment Policy	Department of Labor & Industries	The two rules the department of labor and industries (L&I) is considering amending are in conflict with each other because the underlying federal regulations by the Centers for Medicare and Medicaid Services changed on January 1, 2017, creating the conflict between the two listed rules. Amending and aligning the conflicting rules would eliminate any confusion regarding L&I's outpatient hospital payment policy.	Pre-Proposal				MONITOR	Andrew Busz Andrewb@wsha.org
3	Ambulance Quality Assurance Fee	Health Care Authority	Rules are necessary to provide for a quality assurance fee for specified providers of emergency ambulance to be added to the base funding from all other sources supporting additional medicaid payments to nonpublic and nonfederal providers. Additionally, a section is being added for a dedicated fund established by the treasury as the ambulance transport fund. During the course of this review, the agency may identify additional related changes that are required in order to improve clarity or update policy. 3	Applied Behavioral Analysis Licensing	Department of Health	Since chapter 246-805 WAC became effective in 2017, the department has acquired several years of experience regulating these professions. After consultation with the applied behavioral analysis advisory committee, the department is taking the opportunity to consider updates for a variety of issues. Updates may be needed to clarify requirements as well as possible alignment with current best practices and national standards. Rules may be needed to create a temporary license as allowed by RCW 18.380.080, as well as consider establishing a corresponding temporary license fee. Fees for duplicate licenses or license verification may need to be reduced to align with similar department fees for other professions. The department may update terms, references, and citations as needed, and will consider repealing requirements for AIDS training per recently passed legislation (ESHB 1551; chapter 76, Laws of 2020). 3	HIV/AIDS Legal Changes	Washington State Board of Health	During the 2020 legislative session, the legislature passed ESHB 1551, modernizing the control of certain communicable diseases (chapter 76, Laws of 2020). This bill modernizes the state's control of communicable disease laws by ending statutory HIV/AIDS exceptionalism, reducing HIV-related stigma, defelonizing HIV exposure, and removing barriers to HIV testing. The new law took effect June 11, 2020. The board is undertaking rule making to consider possible revisions to chapters 246-100 and 246-101 WAC to assure consistency with the bill's requirements and protect public health and safety. Revisions may include, but are not limited to, establishing reporting requirements and procedures for investigations for sexually transmitted diseases; specifying behavior that endangers the public health; defining specimens that can be obtained and tests that can be administered for sexually transmitted diseases, blood-borne pathogens, and other infections; determining categories of employment that are at risk of substantial exposure to a blood-borne pathogen; and defining what constitutes an exposure that presents a possible risk of transmission of a blood-borne pathogen. 4	Workers' Comp Reporting and Recordkeeping	Department of Labor & Industries	2022 Classification and reporting rule making: Classification development's goal is to implement clear rule writing to ensure staff and customers can easily understand and apply the workers' compensation insurance classification and reporting rules. Classification development studied some subclassifications for potential reduction in numbers; and reviewed classification and reporting rules for improvement and clarification. The purpose of this rule making is not to make substantive changes to how employers are classified and amendments will not impact employer rates. As part of this rule making, the department of labor and industries (L&I) also intends to review these chapters for need, clarity, and consistency to make changes where possible to reduce the regulatory burden on employers insured with the State Fund.
