

Important Information: Coronavirus and Precautions

Testing for Coronavirus (COVID-19) is limited to those people who meet the criteria for testing.

This includes showing symptoms of a COVID-19 infection.

If you do not meet the criteria, you will not be tested.

If you do not have symptoms, avoid getting sick by taking precautions recommended by public health, including washing your hands. For more information, visit: [cdc.gov/coronavirus](https://www.cdc.gov/coronavirus)

**Thank you for preserving
resources to care for those
who are ill.**
