1	Whistleblower Complaints	Department of Health	The Department of Health (department) is considering revising sections of this chapter to implement SHB 1049 (chapter 62, Laws of 2019) and to ensure the rules are clear, up to date, and align with best practices. Rulemaking is necessary to align rule definitions and criteria with current law, which expanded whistleblower protections. These rule updates are needed to ensure consistency and enforceability.	01/27/22	Final Order	Draft Rules	Cara Helmer Carah@wsha.org
1	Emergency Rule: Retired Active Pharmacist License	Pharmacy Quality Assurance Commission	This adopted emergency rule will extend WSR 21-12-096 filed on June 2, 2021, without change. On March 26, 2020, Governor Inslee signed Proclamation 20-32 to help increase the number of health care workers available to meet the needs of patients during the coronavirus disease 2019 (COVID-19) pandemic. This proclamation included a provision that allows a pharmacist with a retired active pharmacist license status to practice pharmacy. Specifically, the proclamation amended WAC 246-863-080(2), which was effective at that time, to allow holders of a retired active pharmacist license status to practice pharmacy while the proclamation remains in effect.	01/28/22	Emergency Rule		David Streeter DavidS@wsha.org
1	Emergency Rule: COVID-19 Test Reporting	Department of Health	DOH is adopting an emergency rule to amend WAC 246-338-026 mandating reporting of test results intended to detect SARS-CoV-2 or diagnose a possible case of the coronavirus disease 2019 (COVID-19) in alignment with the federal changes published in 85 F.R. 54820. WAC 246-338-020 is amended to add language referencing the new subsection in WAC 246-338-026. These changes will allow the new reporting, inspection, and fining processes in compliance with the new federal requirements which will ensure the current clinical laboratory improvement amendments (CLIA) exempt status is not threatened and will respond to the current public health emergency created by the COVID-19 pandemic. This is the fourth emergency rule for these amendments. It continues without change to the emergency rule that was filed on June 11, 2021, under WSR 21-13-045, and the prior filings on February 12, 2021, under WSR 21-05-048 and October 15, 2020, under WSR 20-21-062.	02/04/22	Emergency Rule		David Streeter DavidS@wsha.org

ESSB 5092, section 211(46) extends the rate increase through June of 2023. HCA also plans to implement ESSB 5092, section 215(66) to adjust rates paid for long-term civil commitments. 2	Emergency Rule: NT, LPN, RN, and ARNP Credential and License Requirements	Nursing Care Quality Assurance Commission	<p>NCQAC is continuing the adoption of emergency rules in response to the coronavirus disease 2019 (COVID-19). This is the sixth emergency rule for these amendments and differs from the emergency rule that was filed on May 20, 2021, under WSR 21-12-012. This emergency rule does not include WAC 246-840-125 Retired active credential. Continuing competency rules, effective June 12, 2021, reduced the required education hours and replace [replaced] the emergency provisions in WAC 246-840-125. This emergency rule does not include WAC 246-840-534 Use of simulation for clinical experiences in LPN, RN, or RN to BSN nursing education programs located in Washington state. In-person training for clinical experience provides the desired academic model to assure patient safety and is required in the original rule language. This emergency rule does add clarifying language to WAC 246-840-533 regarding documentation in the nurse technician student's file explaining the reason employment is substituted for traditional clinical experiences. Changes to WAC 246-840-010 were approved by the commission on March 3, 2021, for inclusion in a CR-102. Changes to WAC 246-840-365, 246-840-367, 246-840-533 and 246-840-930 were approved by the commission on May 14, 2021, for inclusion in a CR-101.</p> <p>This emergency rule retains the amendments adopted as WSR 20-10-014, 20-14-065, 20-22-024, 21-04-005, and 21-12-012 with the exceptions stated above. The rules in chapter 246-840 WAC are the licensing requirements for LPNs, RNs, and ARNPs. The emergency rules amend training program options, delegation requirements, and remove additional continuing education hours for specific ARNP credentials. Additionally, the rules waive the requirements for an ARNP to submit evidence of completing continuing education in order to return to active status when holding an inactive license or when returning to active status from expired</p>	01/14/22	Emergency Rule		Katerina LaMarche katerinal@wsha.org
2	Medicaid SPA: Fee Schedule Update	Health Care Authority	<p>HCA intends to submit medicaid SPA 22-0009 to update the fee schedule effective dates for several medicaid programs and services. This is a regular, budget neutral update to keep rates and billing codes in alignment with the coding and coverage changes from the Centers for Medicare and Medicaid Services (CMS), the state, and other sources. These changes are routine and do not reflect significant changes to policy or payment. SPA 22-0009 will also add social workers to the home health payment section in accordance with SPA 21-0027, approved on November 17, 2021.</p>	01/31/22	Notice		Andrew Busz Andrewb@wsha.org

2	Emergency Rule: HCS Assessments	Department of Social and Health Services	Because of the ongoing COVID-19 public health emergency, on January 18, 2022, home and community services (HCS) temporarily suspended conducting ongoing assessments for HCS clients living in adult family homes, assisted living facilities, and enhanced services facilities. The intent of this suspension is to allow HCS staff to focus on conducting assessments for patients staying in hospitals, which will facilitate their discharge to long-term care facilities and improve the current surge capacity in hospitals. This emergency rule suspends the regulatory requirement for these facilities to complete assessments for HCS clients while the HCS assessors are not available. The Centers for Medicare and Medicaid Services approved this flexibility for medicaid beneficiaries needing specific long-term care services and supports whose assessments meet the requirements under 42 C.F.R. 441.720. The emergency rule will be effective retroactively to match the suspension effective date by HCS.	02/24/22	Emergency Rule		Zosia Stanley zosias@wsha.org
2	CHIP SPA: COVID-19 Vaccines, Testing, and Treatment	Health Care Authority	HCA intends to submit CHIP SPA 22-0001 in order to provide coverage for COVID-19 vaccines, testing, and treatment, including treatment of a condition that may seriously complicate COVID-19, without cost sharing in CHIP. 2	De-scheduling Epidiolex	Pharmacy Quality Assurance Commission	Epidiolex is an FDA-approved cannabidiol with less than 0.3% THC, used to help treat some seizure disorders. The 2018 Agricultural Improvement Act (2018 Farm Bill) amended the Controlled Substances Act and declassified hemp products with less than 0.3% THC from Schedule I and excluded hemp from the definition of marijuana. Epidiolex remained on Schedule V until April 6, 2020, when the United States Drug Enforcement Agency (DEA) announced that it would no longer be a federally controlled substance. Following this statement and decision from the 2018 Farm Bill, the commission received a petition from stakeholders to update their rules to reflect the change. In response to the federal change, stakeholder petition, and in support of the COVID-19 pandemic response, the commission implemented emergency rules to delete Epidiolex from the list of Schedule V controlled substances on July 10, 2020, under WSR 20-15-059. This proposal is opening WAC 246-945-056 to consider making the emergency rule permanent and align Washington regulation with the federal decision.	05/29/22	Final Order		David Streeter DavidS@wsha.org
2	NT, LPN, RN, and ARNP Credential and License Requirements	Nursing Care Quality Assurance Commission	NCQAC will consider amendments to specific credential and license requirements for nurse technicians (NT), licensed practical nurses (LPN), registered nurses (RN), and advanced registered nurse practitioners (ARNP) in response to the coronavirus disease 2019 (COVID-19) pandemic and the critical demand for health care professionals.	09/09/22	Final Order		Katerina LaMarche katerinal@wsha.org
2	Certification of Stillbirth	Department of Health	DOH is considering amending and creating new rules in chapter 246-491 WAC to prescribe the information that displays on the certification of birth resulting in stillbirth, add the certification of birth resulting in stillbirth to existing requirements for a person to prove eligibility to obtain the certification, change the issuance process from paper to electronic, and make technical updates to align with chapter 70.58A RCW. The rules may also amend WAC 246-490-200 to remove the exclusion of fetal deaths from being registered electronically.	10/01/22	Final Order		David Streeter DavidS@wsha.org
3	Emergency Rule: ABA Analysis Age Limits and Language Updates	Health Care Authority	HCA is revising these rules to remove the age limits for applied behavioral analysis (ABA) and update language to remove child or children and replace with client. 3	Inpatient Withdrawal Management Services Payment	Health Care Authority	The agency is amending WAC 182-550-4300(5) to align the rule with the medicaid state plan, which does not have specific time limitations on inpatient withdrawal management services. 3	Outpatient Hospital services—Conditions of Payment and Payment Methods	Health Care Authority	The agency is amending subsection (3)(c) of this rule, which states that the agency does not pay separately for certain services provided within one calendar day of an inpatient hospital admission. The agency is adding to this subsection to state that separate payments are not made for certain services provided within one calendar day of discharge. The agency also intends to remove subsections (6) and (7). These subsections reference the maximum allowable fee schedule and the hospital outpatient rate for payment of certain services. The agency is making these changes because it does not use these payment methods, but instead uses the enhanced ambulatory payment group method to determine payments, consistent with WAC 182-550-7200. During the course of this review, health care authority may identify additional related changes that are required in order to improve clarity or update policy.	02/27/22	Final Order		Andrew Busz Andrewb@wsha.org
3	Home Health Medical Social Services	Health Care Authority	The 2021-2023 operating budget included a proviso (section 211(65), chapter 334, Laws of 2021) specifying that certain appropriated funds are provided to reimburse social workers as part of the medical assistance home health benefit. The agency is amending home health rules in chapter 182-551 WAC, subchapter II, to include medical social services within the home health program. During the course of this review, health care authority may identify additional related changes that are required in order to improve clarity or update policy.	03/12/22	Final Order		Andrew Busz Andrewb@wsha.org

3	HIV/AIDS Legal Changes	Washington State Board of Health	During the 2020 legislative session, the legislature passed ESHB 1551, modernizing the control of certain communicable diseases (chapter 76, Laws of 2020). This bill modernizes the state's control of communicable disease laws by ending statutory HIV/AIDS exceptionalism, reducing HIV-related stigma, defelonizing HIV exposure, and removing barriers to HIV testing. The new law took effect June 11, 2020. The board is undertaking rule making to consider possible revisions to chapters 246-100 and 246-101 WAC to assure consistency with the bill's requirements and protect public health and safety. Revisions may include, but are not limited to, establishing reporting requirements and procedures for investigations for sexually transmitted diseases; specifying behavior that endangers the public health; defining specimens that can be obtained and tests that can be administered for sexually transmitted diseases, blood-borne pathogens, and other infections; determining categories of employment that are at risk of substantial exposure to a blood-borne pathogen; and defining what constitutes an exposure that presents a possible risk of transmission of a blood-borne pathogen.	03/28/22	Final Order		Cara Helmer Carah@wsha.org
3	Emergency Rule: Kidney disease treatment facilities—Concurrent review cycles	Department of Health	The department of health (department) is adopting an emergency rule to amend WAC 246-310-806(1) as it relates to special and nonspecial circumstances 1 concurrent review cycle. The amendment extends deadlines for kidney disease treatment facility applicants who are submitting applications during concurrent review cycle 1. 3	Emergency Rule: Home Health Hospice Supervision via Telemedicine	Department of Health	This emergency rule continues amendments originally filed August 3, 2021, under WSR 21-16-096 and extended on December 1, 2021, under WSR 21-24-099. The department of health (department) has also commenced permanent rule making on this topic under WSR 21-20-084. Amendments to WAC 246-335-545 and 246-335-645 remove the requirement that supervision of aide services must be "during an on-site visit" and add language that the supervisory visit "may be conducted on-site or via telemedicine." 3	Emergency Rule: Behavioral Health and SUD Mobile Units	Department of Health	DOH is adopting an emergency rule to amend WAC 246-341-0342 to define a mobile unit for behavioral health agencies in Washington and allow opioid treatment programs (OTPs) to add a mobile unit as an extension of their existing license. This will align existing rule with the federal changes published in Title 21 of the Code of Federal Regulations, Parts 1300, 1301, and 1304 (21 C.F.R.). On July 28, 2021, these federal rules were revised to allow OTPs to operate mobile units under their existing federal Drug Enforcement Administration (DEA) license. Although current behavioral health agency (BHA) licensing and certification rules reference 21 C.F.R., these rules went into effect on July 1, 2021, prior to the federal change, and need to be updated to ensure that OTPs in Washington are complying with the current version of the federal rule. The amendments to WAC 246-341-0342 define what a mobile unit is, require OTPs to notify the department in writing prior to operating a mobile unit, and outline requirements for OTPs that operate a mobile narcotic treatment program. These requirements include submitting a copy of the DEA approval for the unit and complying with 21 C.F.R. Parts 1300, 1301, and 1304.	04/14/22	Emergency Rule		Ryan Robertson RyanR@wsha.org

3	Due Dates for Required Training and to Allow the DDA to Accept On-the-Job Learning Related to COVID-19 to Satisfy Continuing Education Requirements.	Department of Social and Health Services	Developmental disabilities administration (DDA) is amending one section in chapter 388-829 WAC and adding two new sections to chapter 388-829 WAC. These amendments are necessary to establish due dates for training required under chapter 388-829 WAC and to allow DDA to accept on-the-job learning related to COVID-19 to satisfy continuing education requirements. This is a subsequent filing on these rules, however, the text of the rules have changed. This filing is necessary to keep the emergency rules enacted until DDA can complete the permanent rule-making process. A public hearing for the proposed rules is scheduled for June 7, 2022. Failing to enact these extended training deadlines could result in providers suddenly being out of compliance with training requirements, which would affect client access to qualified service providers.	05/17/22	Emergency Rule		Andrew Busz Andrewb@wsha.org
