Whistleblower Complaints	1	Department of Health	The Department of Health (department) is considering revising sections of this chapter to implement SHB 1049 (chapter 62, Laws of 2019) and to ensure the rules are clear, up to date, and align with best practices. Rulemaking is necessary to align rule definitions and criteria with current law, which expanded whistleblower protections. These rule updates are needed to ensure consistency and enforceability.	01/27/22	Final Order	Draft Rules	MONITOR	Cara Helmer Carah@wsha.org
Emergency Rule: Retired Active Pharmacist License	1	Pharmacy Quality Assurance Commission	This adopted emergency rule will extend WSR 21-12-096 filed on June 2, 2021, without change. On March 26, 2020, Governor Inslee signed Proclamation 20-32 to help increase the number of health care workers available to meet the needs of patients during the coronavirus disease 2019 (COVID-19) pandemic. This proclamation included a provision that allows a pharmacist with a retired active pharmacist license status to practice pharmacy. Specifically, the proclamation amended WAC 246-863-080(2), which was effective at that time, to allow holders of a retired active pharmacist license status to practice pharmacy while the proclamation remains in effect.	01/28/22	Emergency Rule		SUPPORT	Remy Kerr remyk@wsha.org
Emergency Rule: COVID-19 Test Reporting	1	Department of Health	DOH is adopting an emergency rule to amend WAC 246-338-026 mandating reporting of test results intended to detect SARS-CoV-2 or diagnose a possible case of the coronavirus disease 2019 (COVID-19) in alignment with the federal changes published in 85 F.R. 54820. WAC 246-338-020 is amended to add language referencing the new subsection in WAC 246-338-026. These changes will allow the new reporting, inspection, and fining processes in compliance with the new federal requirements which will ensure the current clinical laboratory improvement amendments (CLIA) exempt status is not threatened and will respond to the current public health emergency created by the COVID-19 pandemic. This is the fourth emergency rule for these amendments. It continues without change to the emergency rule that was filed on June 11, 2021, under WSR 21-13-045, and the prior filings on February 12, 2021, under WSR 21-05-048 and October 15, 2020, under WSR 20-21-062.	02/04/22	Emergency Rule		CONCERNS	Remy Kerr remyk@wsha.org
Payment Methods- New Hospitals	1	Health Care Authority	HCA plans to amend this section to include an exception to per diem rate calculations for psychiatric per diem rates. Rebasing and Adjustments to Inpatient Rates	1	Health Care Authority	HCA is amending these sections to add qualifying criteria for and reflect an extension of the current rate increase for sole community hospitals. ESSB 5092, section 211(46) extends the rate increase through June of 2023. HCA also plans to implement ESSB 5092, section 215(66) to adjust rates paid for long-term civil commitments. Hospitals may now submit costs not included in their medicare cost report to be evaluated by the agency for a potential rate increase. During the course of this review, HCA may identify additional related changes that are required in order to improve clarity or update policy.	02/06/22	Final Order		SUPPORT	Andrew Busz Andrewb@wsaha.org
COVID 19: Schedule II Prescriptions	1	Pharmacy Quality Assurance Commission	The Pharmacy Quality Assurance Commission adopted emergency rules to reduce burdens on patients and practitioners when prescribing Schedule II substances during the COVID-19 pandemic. The emergency rule amends WAC 246-945-010 and increases the duration of time a practitioner has to deliver a signed prescription when authorizing an emergency prescription of a Schedule II substance to the pharmacy from seven days to fifteen days.	02/22/22	Emergency Rule		SUPPORT	Remy Kerr remyk@wsaha.org

Emergency Rule: Prescribing Schedule II Substances During the COVID-19 Pandemic	1	Pharmacy Quality Assurance Commission	The pharmacy quality assurance commission (commission) is adopting emergency rules to reduce burdens on practitioners prescribing Schedule II substances during the coronavirus disease (COVID-19) outbreak. This adopted emergency rule will extend WSR 22-06-017 filed on February 22, 2022. This emergency rule was originally filed on April 21, 2020, under WSR 20-09-133. It was refiled on July 10, 2020, after the commission's new chapter went into effect under WSR 20-15-058. This emergency rule will continue the existing emergency rule amending WAC 246-945-010 to increase the duration of time a practitioner has to deliver a signed prescription of a Schedule II substance to the pharmacy from seven days to 15 days when a prescription is dispensed in an emergency. It also defines what a "signed prescription" means and allows for a practitioner to accomplish this requirement through paper, electronic transmission, facsimile, photograph, or scanned copy. These alternative methodologies support patients, practitioners, and pharmacists' efforts to practice social distancing and to help mitigate communal spread.	06/22/22	Emergency Rule		SUPPORT	Remy Kerr remyk@wsha.org

Hospital Patient Discharge Information Reporting	1	Department of Health	DOH is considering amending existing rules and creating new rules on hospital patient discharge information reporting. The rules may prescribe new patient demographic information reported by hospitals; establish a waiver process; strengthen protections of patient health care information to align with federal law changes; clarify and add requirements for data collection and reporting; establish formalized procedures for requesting hospital patient discharge data; prescribe direct and indirect patient identifiers; update or add definitions; make technical updates and clarifications to existing rules; and establish fees for data files and analysis. In 2021, the Washington state legislature passed E2SHB 1272 (chapter 162, Laws of 2021) which requires new demographic information to be collected and waiver requirements to be established. The bill requires hospitals to report patient discharge information related to race, ethnicity, gender identity, sexual orientation, preferred language, disability status, and zip code of residence. It also requires the department to develop a waiver and grant process to assist hospitals that are certified by the Centers for Medicare and Medicaid Services (CMS) as a critical access hospital, certified by CMS as a sole community hospital, or qualifies as a medicare dependent hospital to comply with the requirements. E2SHB 1272 (chapter 162, Laws of 2021) requires the department to complete rule making by July 1, 2022. CHARS currently collects sex, zip code, and race and ethnicity per minimum office of management and budget standards as part of the UB-04 items outlined in WAC 246-455-020. The new reporting of patient demographic information required by the bill goes into effect on January 1, 2023. Rules are necessary to implement the legislation by defining the new patient demographic information and establishing waiver requirements.	10/01/22	Final Order		CONCERNS	Ashlen Strong AshlenS@wsha.org

The bill directs the department to use additional enforcement tools including limited stop placements and suspension of new admissions when there is an immediate jeopardy, repeat enforcement action or rule violation, or failure to correct noncompliance with rules or statutes. According to section 3 of 2SHB 1148, the department may assess a civil fine of up to \$10,000 per violation, not to exceed a total fine of one million dollars when the department determines: (1) The hospital has previously been subject to an enforcement action for the same or similar type of violation of the same statute or rule; or (2) the hospital has been given any previous statement of deficiency that included the same or similar type of violation of the same or similar statute or rule; or (3) the hospital failed to correct noncompliance with a statute or rule by a date established or agreed to by the department. If the department imposes civil fines, the hospital has the right to appeal under RCW 43.70.095. This is the sixth emergency rule for these amendments and differs from the emergency rule that was filed on May 20, 2021, under WSR 21-12-012. This emergency rule does not include WAC 246-840-125 Retired active credential. Continuing competency rules, effective June 12, 2021, reduced the required education hours and replace [replaced] the emergency provisions in WAC 246-840-125. This emergency rule does not include WAC 246-840-534 Use of simulation for clinical experiences in LPN, RN, or RN to BSN nursing education programs located in Washington state. In-person training for clinical experience provides the desired academic model to assure patient safety and is required in the original rule language. This emergency rule does add clarifying language to WAC 246-840-533 regarding documentation in the nurse technician student's file explaining the reason employment is substituted for traditional clinical experiences. Changes to WAC 246-840-010 were approved by the commission on March 3, 2021, for inclusion in a CR-102. Changes to WAC 246-840-365, 246-840-367, 246-840-533 and 246-840-930 were approved by the commission on May 14, 2021, for inclusion in a CR-101. The intent of this suspension is to allow HCS staff to focus on conducting assessments for patients staying in hospitals, which will facilitate their discharge to long-term care facilities and improve the current surge capacity in hospitals. This emergency rule suspends the regulatory requirement for these facilities to complete assessments for HCS clients while the HCS assessors are not available. The Centers for Medicare and Medicaid Services approved this flexibility for medicaid beneficiaries needing specific long-term care services and supports whose assessments meet the requirements under 42 C.F.R. 441.720. De-scheduling Epidiolex	2	Pharmacy Quality Assurance Commission	Epidiolex is an FDA-approved cannabidiol with less than 0.3% THC, used to help treat some seizure disorders. The 2018 Agricultural Improvement Act (2018 Farm Bill) amended the Controlled Substances Act and declassified hemp products with less than 0.3% THC from Schedule I and excluded hemp from the definition of marijuana. Epidiolex remained on Schedule V until April 6, 2020, when the United States Drug Enforcement Agency (DEA) announced that it would no longer be a federally controlled substance. Following this statement and decision from the 2018 Farm Bill, the commission received a petition from stakeholders to update their rules to reflect the change. In response to the federal change, stakeholder petition, and in support of the COVID-19 pandemic response, the commission implemented emergency rules to delete Epidiolex from the list of Schedule V controlled substances on July 10, 2020, under WSR 20-15-059. Suspension of Regulatory Requirement of Assessment for HCS Clients While HCS Accessors are not Available	2	Department of Social and Health Services	The department is extending the amendment of the rules listed below. Because of the ongoing COVID-19 public health emergency, on January 18, 2022, home and community services (HCS) temporarily suspended conducting ongoing assessments for HCS clients living in adult family homes, assisted living facilities, and enhanced services facilities. This suspension allows HCS staff to focus on conducting assessments for patients staying in hospitals to facilitate their discharge to long-term care facilities and improve the current surge capacity in hospitals. This emergency rule suspends the regulatory requirement for these facilities to complete assessments for HCS clients while the HCS assessors are not available. The Centers for Medicare and Medicaid Services (CMS) approved this flexibility for medicaid beneficiaries needing specific long-term care services and supports whose assessments meet the requirements under 42 C.F.R. 441.720. The department filed a CR-101 under WSR 22-13-121 to begin the permanent rule-making process.	10/20/22	Emergency Rules		MONITOR	Zosia Stanley zosiaS@wsha.org
Payment for office visits for clients under the alien emergency medical (AEM) program when the visit is for the assessment and treatment of COVID-19	2	Health Care Authority	This rule making is in response to the Governor's Proclamation 20-05 declaring a state of emergency for all counties throughout the state of Washington because of the coronavirus disease 2019 (COVID-19) and the secretary of the federal department of health and human services declaration of a public health emergency related to COVID-19. This emergency rule making is necessary to preserve the public health, safety, and general welfare by allowing payment for the office visit for an AEM client for the assessment and treatment of the COVID-19 virus. This emergency filing replaces the emergency rules filed under WSR 22-14-017 on June 24, 2022. The agency is refiling to continue the emergency rule. The agency's CR-101 preproposal statement of inquiry, filed under WSR 20-15-077, remains in effect while the agency continues to monitor the changing conditions presented by COVID-19 and its variants.	10/21/22	Emergency Rule		SUPPORT	Andrew Busz Andrewb@wsha.org

Emergency Rule: Behavioral Health and SUD Mobile Units	3	Department of Health	DOH is adopting an emergency rule to amend WAC 246-341-0342 to define a mobile unit for behavioral health agencies in Washington and allow opioid treatment programs (OTPs) to add a mobile unit as an extension of their existing license. This will align existing rule with the federal changes published in Title 21 of the Code of Federal Regulations, Parts 1300, 1301, and 1304 (21 C.F.R.). On July 28, 2021, these federal rules were revised to allow OTPs to operate mobile units under their existing federal Drug Enforcement Administration (DEA) license. Although current behavioral health agency (BHA) licensing and certification rules reference 21 C.F.R., these rules went into effect on July 1, 2021, prior to the federal change, and need to be updated to ensure that OTPs in Washington are complying with the current version of the federal rule. The amendments to WAC 246-341-0342 define what a mobile unit is, require OTPs to notify the department in writing prior to operating a mobile unit, and outline requirements for OTPs that operate a mobile narcotic treatment program. These requirements include submitting a copy of the DEA approval for the unit and complying with 21 C.F.R. Parts 1300, 1301, and 1304.	04/14/22	Emergency Rule		SUPPORT	Ashlen Strong AshlenS@wsha.org

Medicaid State Plan Amendment (SPA)- Community First Choice.	4	Health Care Authority	HCA in conjunction with the aging and long-term support administration (AL TSA) in the department of social and health services (DSHS) intend to submit medicaid SPA 22-0001 in order to reflect the following changes to the community first choice program: <ul style="list-style-type: none"> •Increase the payment limit for community first choice community transition services from \$850.00 to a maximum of \$2,500.00 per discharge for items and services. •Remove the DVD option for providing caregiver management training. SPA 22-0001 will have no effect on provider payments. The SPA reflects the higher costs of setting up an independent living apartment from an institutional care setting. This community transition service includes items and services involved in setting up a client to live independently in the community, including first month's rent and security deposit.	03/01/22	Notice		MONITOR	Zosia Stanley zosiaS@wsha.org
Companion Home Providers' Daily Rate	4	Department of Social and Health Services	DDA is considering amending this rule to update companion home providers' daily rate. DDA is also considering adding new sections of rule to chapter 388-829C WAC that establish requirements for positive behavior support plans. During the course of this review, DDA may make additional changes that are necessary to improve clarity or update policy.	03/03/22	Final Order		NEUTRAL	Andrew Busz Andrewb@wsha.org
Emergency Rule: Amending specific training requirements for nursing assistants registered (NARs) and home care aides (HCAs)	4	Department of Health	The nursing care quality assurance commission (commission) is adopting an emergency rule to allow a registered nurse delegator to delegate nursing tasks to a NAR or HCA without verifying the NAR or HCA has completed basic caregiver training in accordance with WAC 246-840-930 (8)(b). To align with the corresponding NAR rule, the commission is adopting emergency language in WAC 246-841-405 (2)(a) to remove the requirement that a NAR must show proof of completion of the basic caregiver training before performing any delegated nursing task.	03/14/22	Emergency Rule		NEUTRAL	Katerina LaMarche katerinal@wsha.org

Oral Health Connections Pilot Project	4	Health Care Authority	The agency is amending these rules to extend the program through December 31, 2023, or until pilot funds are completely dispersed, whichever comes first. Additionally, age limits and dual eligibility exclusions are being removed. The enhanced rate will now include an additional periodic exam and adult prophylaxis as well as one fluoride varnish application, and one silver diamine fluoride treatment. During the course of this review, the health care authority may identify additional related changes that are required in order to improve clarity or update policy.	03/26/22	Final Order		SUPPORT	Andrew Busz Andrewb@wsaha.org
Physical Therapy Compact Commission Rules Adoption	4	Department of Health	Mandates the board of physical therapy (board) to adopt the physical therapy compact commission rules in order for physical therapists to participate in the compact. Immediate adoption is necessary to stay compliant with the compact commission rules as the compact commission's revised rules became effective October 24, 2021.	04/25/22	Final Order		NEUTRAL	Remy Kerr remyk@wsaha.org
Training Requirements for Nursing Assistant certified (NAC) and Nursing Assistant Registered (NAR)	4	Department of Health	The nursing care quality assurance commission (commission) is amending specific training requirements for nursing assistant certified (NAC) and nursing assistant registered (NAR) in response to the coronavirus disease 2019 (COVID-19) pandemic and the critical demand for health care professionals. The rules in chapter 246-841 WAC provide regulatory requirements for NACs and NARs. These emergency rules allow additional pathways to complete necessary training to enter the workforce. This is the seventh emergency rule, and it continues the emergency rules that were filed on January 14, 2022, under WSR 22-03-055 without change. Prior filings were under WSR 20-14-066, beginning in June 2020, continuing under WSR 20-22-023, 21-04-004, 21-12-011, 21-19-091.	05/13/22	Emergency Rule		MONITOR	Katerina LaMarche katerinal@wsaha.org
Osteopathic PA WACs Repeal	4	Department of Health	Section 59 of SHB 2378 repealed chapter 18.57A RCW in its entirety. As a result of this law being repealed, the board proposes to repeal chapter 246-854 WAC, Osteopathic physicians' assistants; and chapter 246-855 WAC, Osteopathic physicians' acupuncture assistants, as they are no longer supported by statute and under the authority of the board. All physician assistants now fall under the authority of the Washington medical commission and its rules.	07/01/22	Expedited Rule		SUPPORT	Remy Kerr remyk@wsaha.org

Amending Specific Training Requirements for Nursing Assistant Registered (NARs) and Home Care Aides (HCAs)	4	Department of Health	These rules continue the initial emergency rules filed as WSR 22-07-046 on March 14, 2022. The nursing care quality assurance commission (commission) is refiling these emergency rules to allow a registered nurse delegator to delegate nursing tasks to a NAR or HCA without verifying the NAR or HCA has completed basic caregiver training in accordance with WAC 246-840-930 (8)(b). To align with the corresponding NAR rule, the commission is adopting emergency language in WAC 246-841-405 (2)(a) to remove the requirement that a NAR must show proof of completion of the basic caregiver training before performing any delegated nursing task.	07/12/22	Emergency Rules		NEUTRAL	Katerina LaMarche katerinal@wsha.org
Workers' Comp 2023 Classification, Reporting, and Penalties Amendments	4	Department of Labor & Industries	Classification development's goal is to implement clear rule writing to ensure staff and customers can easily understand and apply the workers' compensation insurance classification and reporting rules. Classification development studied some subclassifications for potential reduction in number; and reviewed classification and reporting rules for improvement and clarification. The purpose of this rule making is not to make substantive changes to how employers are classified and amendments will not impact employer rates.	01/01/23	Final Order		MONITOR	Remy Kerr remyk@wsha.org

Emergency Rule: Prescription and chart order—Minimum requirements.		Department of Health Pharmacy Quality Assurance Commission	Prescription and chart order—Minimum requirements. The pharmacy quality assurance commission (commission) is adopting emergency rules to reduce burdens on practitioners prescribing Schedule II substances during the coronavirus disease 2019 (COVID-19) outbreak. Because a federal public health emergency is set to be in effect until at least January 2023, this extension will continue to reduce the burden on practitioners through the end of the federal public health emergency. This adopted emergency rule will extend WSR 22-13-180 filed on June 22, 2022. This emergency rule was originally filed on April 21, 2020, under WSR 20-09-133. It was refiled on July 10, 2020, after the commission's new chapter went into effect under WSR 20-15-058. This emergency rule will continue the existing emergency rule amending WAC 246-945-010 to increase the duration of time a practitioner has to deliver a signed prescription of a Schedule II substance to the pharmacy from seven days to 15 days when a prescription is dispensed in an emergency. It also defines what a "signed prescription" means and allows for a practitioner to accomplish this requirement through paper, electronic transmission, facsimile, photograph, or scanned copy. These alternative methodologies support patients, practitioners, and pharmacists' efforts to practice social distancing and to help mitigate communal spread.	10/20/22	Emergency Rules			Remy Kerr remyk@wsha.org
Expanding the eligibility period for refugee medical assistance		Health Care Authority	The agency is expanding the eligibility period for refugee medical assistance from eight months to 12 months for persons whose date of eligibility is on or after October 1, 2021. This expansion requires amendments to WAC 182-504-0015 Washington apple health—Certification periods for categorically needy programs and 182-507-0130 Refugee medical assistance.	11/01/22	Emergency Rule		SUPPORT	Andrew Busz Andrewb@wsha.org
