

Safety is our top priority

**Everyone who enters must wear a mask,
even if they are fully vaccinated.**

The Centers for Disease Control and the State of Washington require everyone to be masked in health care settings.

*Guidance from the CDC removing some masking requirements for fully vaccinated people **still requires masking in health care settings.***

For more information, visit: <https://www.cdc.gov/coronavirus/2019-ncov/hcp/infection-control-after-vaccination.html> and <https://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated.html>
