### Are you rebate ready?

The rebate era isn't on the horizon — it's here. Manufacturers will require complete rebate-ready data through Beacon and 340B ESP<sup>®</sup> on Jan. 1, 2026.

As we anticipate there will be many updates from HRSA and the manufacturers in the coming days and weeks, we want to proactively engage with the 340B community with updates. Please join us and sign up for our upcoming briefings hosted by SunRx.

In these sessions, we will share valuable insights for consideration in the management of your 340B pharmacy strategy.
